

DA3185

Universal battery charger MULTI XS 7000 is a charger that provides complete battery care for those needing to charge normal size and slightly larger batteries, for example, in caravans, boats and cars.

It is fully-automatic with unique 8-step charging that supplies 7A and which is suitable for 12V batteries between 14-150Ah and is suitable for maintenance charging up to 225 Ah.

The MULTI XS 7000 analyses whether the battery can accept and retain the charge, it removes harmful lead sulphate crystals, charges quickly and efficiently and automatically switches to maintenance charging when the battery is fully charged.

It also has a practical Recond mode that balances the acid concentration in deep discharged batteries. It features a special cold mode to give optimal charging on cold winter days and to demanding AGM batteries (type Optima).

Supply mode allows the charger to be used as a power supply if you need to disconnect batteries from the vehicle. It is fully protected from producing voltages that can damage the vehicle's electronics. It is also non-sparking and features reverse polarity and short circuit protection.

Battery Charger

DA3185

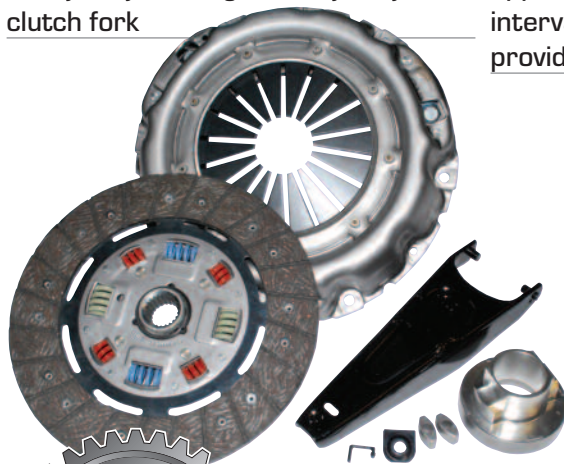

Specification

Input voltage	220 - 240VAC, 50 - 60Hz
Output voltage	14.4V, 14.7V, 13.6V/Supply, 15.8V/Recond
Charging current	7A
Ripple	Max 150mV rms, 0.3A
Ambient temperature	-20°C to +50°C, output power is reduced automatically at higher temperatures
Charger type	Eight step, fully automatic switch mode with pulse maintenance
Batteries	12V lead-acid batteries (Wet, MF, AGM, Calcium/Calcium and GEL)
Battery size	14 - 150Ah (14 - 225Ah maintenance charging)
Dimensions	191mm long x 89mm wide x 48mm high
Insulation	IP 65
Weight	0.8kg

Heavy-Duty Britpart Clutch Kit

DA5551KIT

> Defender/Discovery 1/Range Rover Classic - 200 & 300Tdi
> Heavy-duty kit - plate, cover, heavy-duty bearing & heavy-duty clutch fork

SLX Professional Fuel Saver

DA1122

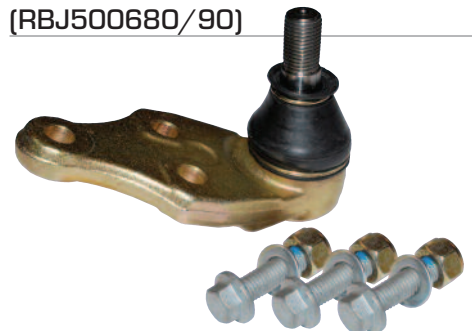

> Castrol - 1 litre - A1 5W-20
> Co-engineered in partnership with Land Rover for new engine applications. Over the full service interval it keeps the engine clean and provides outstanding fuel economy.

Ball Joint

RBJ500680BJ

> Freelander 1
> Ball joint to replace the worn ball joint on a RBJ500680/90, reduces labour time by not having to remove complete suspension arm (RBJ500680/90)

Swivel Pin Kit

DA2210

> Defender
